Use of Social Security Number

Section 7(b) of the Privacy Act of 1974 (5 U.S.C. 522a) requires that when any Federal, State, or local government agency requests an individual to disclose his/her social security account number, that individual must also be advised whether that disclosure is mandatory or voluntary, by what statutory or other authority the number is solicited, and what uses will be made of it.

Accordingly, applicants are advised that disclosure of their social security account number (SSAN) is required as a condition for participation in the (Re)Engage Alabama Grant Program, in view of the practical administrative difficulties which the Program would encounter in maintaining adequate program records without the continued use of the SSAN.

The SSAN will be used to verify the identity of the applicant and as an account number (identifier) throughout the life of the grant in order to record necessary data accurately. As an identifier, the SSAN is used in such Program activities as: determining program eligibility, certifying school attendance, making and verifying grant payments, and maintaining records of grant payments.

Authority for requiring the disclosure of an applicant's SSAN is in section 7(a)2 of the Privacy Act, which provides that an agency may require disclosure of an individual's SSAN as a condition for the granting of a right, benefit, or privilege provided by law.

WARNING

Any person who knowingly makes a false statement or a misrepresentation for the purpose of wrongfully obtaining a grant hereunder shall be guilty of a misdemeanor and, upon conviction thereof, be punished as by law provided for a misdemeanor.

The (Re)Engage Alabama Grant Program is a Limited Funded Program, and submission of this application does not ensure that funds will be available when the application arrives at the Alabama Commission on Higher Education.
